

NOT COOL

Welcome to the life of EXPERT BY IDENTITY! His name is Moritz, actually. In his comedy special NOT COOL he is asking important questions, like: If everyone is queer, how come I'm not cool? What's wrong with the straights? And: Is there a difference between straight harassment and gay flirting? Moritz narrates his experiences living a queer life in a straight man's world – all packed in one fantastic, horny, and musical day! NOT COOL promises CAMP, QUIRKINESS, and IDIOCY! As well as new perspectives on sex, allyship and vegetables. Do you want to know the pathway to total freedom through complete humiliation? Join NOT COOL! All based in 100% true fiction!

NICE BITCH

Hello to a fresh glimpse into the life of EXPERT BY IDENTITY, bitch! Who is always living by the sentiment: If it's scaring conservatives – do it! In their dark comedy special the self-proclaimed NICE BITCH will show the audience the perks of liberal education, and the dangers of straight men, mixing it up with queer-feminist stances on topics like abortion. And the special guest? Britney Spears! All that trauma dump in only one hour? That's our service guarantee! See you in therapy, hopefully!
